1:00 P.M.

Wertz Bros.

Kenneth Junck

WO Polled Shorthorn

Production Sale

Le Mars, Iowa

I'm looking forward to seeing you.

GENERAL INFORMATION

LOCATION — Le Mars Auction Co. North of Le Mars on Highway 60.

TERMS — The terms of this sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the Clerk of the Sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off and will be loaded in compliance with instructions from the purchaser.

GUARANTEE — All cattle sold in this sale will be sold under the Standard Guarantee recommended by the American Shorthorn Breeders' Association and shown at the back of this book.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the sale manager or consignors, nor the clerk of the sale assumes any liability, legal or otherwise.

All cattle are absolutely healthy in every respect and will have passed the tuberculosis and Bang's disease test within thirty days of the sale. Health certificates will be furnished where required to ship into any state or territory.

Although we will use every precaution to provide for the comfort and safety of our guests, all persons who attend this sale do so at their own risk and the owners assume no liability, legal or otherwise, for any accidents that may occur.

Certificates of registry with transfers entered and recorded in the buyer's name will be furnished with each lot sold and for every calf at foot. An application will be furnished for every calf carried in dam.

Where footnotes appear in this catalog they were furnished by the consignor or written from information supplied by the consignor.

INSURANCE — Buyers wishing to insure their purchases through Harding & Harding Livestock Insurance can be accommodated by so indicating to the Sale Manager at the Sale or to the Sale Clerk at time of settlement.

MAIL BIDS — Can be made with the American Shorthorn Ass., Omaha, Neb. or Wade Hauser, Jr., Wallaces Farmer, Des Moines, Iowa.

SALE HEADQUARTERS — Amber Inn, Le Mars, Iowa. Make reservations as soon as possible with the sale management.

The consigners of this sale have done their best to offer you the best of their cattle, and we hope they satisfy your needs for your individual herds.

Wertz Bros. have one of the finest herds in the U.S. and have raised them under range conditions. They should perform well under any conditions for there new owners.

The Junck Herd has been building on Four Dees Command 50th Breeding, and trying to put some muscle into there cattle. Something a lot of Shorthorns can use. They have added some Wertz Breeding in the past years and are now working with some real fine mother cows. We think you'll like the cleanness and length bred into these cattle.

WO Polled Shorthorns are currently breeding Deepark Improver the Irish Bull on Wertz, and Command 50th females. They also have a herd of exotic cattle and feel the Deepark cattle can perform and grow as well as the exotics. We feel this speaks for itself.

Hope to see you sale day.

Miles, Donald, George Wertz

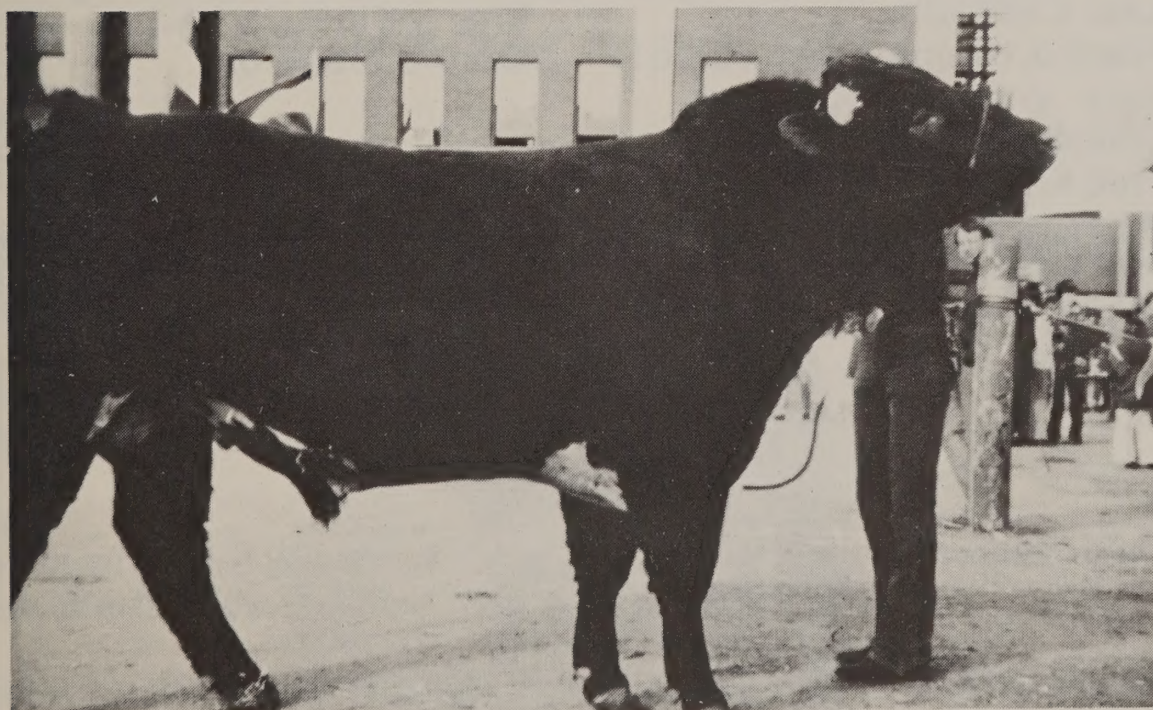

Kenneth Junck Family

WO Polled Shorthorns, Warren & Sheryl Oetken & Family

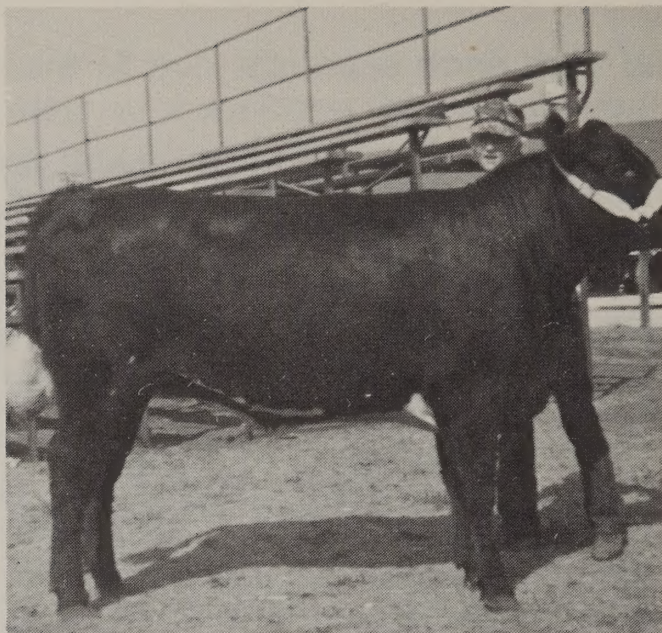

Juda Ben Hur

Herd Sire for Wertz Bros. Bancroft, S.D. Top selling bull at the Denver National Western. Cattle sired by him sell from the Wertz Consignment.

Deerpark Improver

The Irish Shorthorn owned by Beef Genetics, Inc. Mankato, Kansas. Cattle sired by him and serviced to him sell from the WO and Junck Consignment.

Grand Champion Heifer Ply. Co. Fair. Sired by Tylers Par Challenge and from the same mother as WO Par Challenge 15H. Look him up.

If your wondering how the Deerpark heifers turn out be sure to look this one over. After seeing her you will know why we feel they can compete with any cattle. A real $\frac{7}{8}$ Appendix show heifer.

STANDARD GUARANTEE

Recommended by American Shorthorn Association

Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.

All animals cataloged have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.

All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
